

WHAT RUNS YOUR PROPERTY?

POINT SOLUTIONS

Solves today's problem well. But tomorrow you're stitching it to everything else you run, hoping the integrations hold.

FOUR VENDORS, FOUR INTEGRATIONS TO MAINTAIN

WHAT RUNS YOUR PROPERTY?

CONTROL PANELS

Fine for one thing at a time. But try to adjust sound, lighting, and screens together, and you're juggling three or four interfaces.

SEPARATE INTERFACES, NOTHING TALKING TO ANYTHING

DASHBOARDS

It's hard to monitor 7 different dashboards, especially when you can have just one. More visibility, not more windows to watch.

SEVEN PANES TO WATCH — OR ONE THAT ALREADY KNOWS

WHAT RUNS YOUR PROPERTY?

AN ORCHESTRATION ENGINE

Every point solution, every control panel, every dashboard managed from one interface — built to grow with your property.
